

# **NOHOANGA SITE INFORMATION SHEET**

## **TUCKERS BEACH, QUEENSTOWN**

### **Getting there**

- This site is within the Tuckers Beach Wildlife Reserve, at approximately 280 Tuckers Beach Road, 15mins drive north of Queenstown township.
- From State Highway 6 (Frankton-Ladies Hwy), turn off onto Tuckers Beach Road (on the south side of the Shotover River bridge). Follow Tuckers Beach Road approximately 3mins / 2.8km until you reach a turn off for Tuckers Beach Wildlife Reserve (see Photo 1 below).

- A carpark has been created at the bottom of the hill within the reserve. The gate is locked with a coded padlock, nohoanga **users will be given the access code with their authorisation**. Through the gate, the access route is marked with waratahs topped with blue tringles (see map and Photo 2 below). It is important nohoanga users follow this marked track, to reduce interference with nesting bird life. A post, with a yellow painted top, marks the nohoanga site (see Photo 3 below). The site boundary corners are also marked with small yellow painted posts. Nohoanga signage is near the entrance gate at the carpark.
- The map below outlines the directions to the site.

**Photo 1** – Entry into Tuckers Beach Reserve from Tuckers Beach Road.

**Photo 2** – Blue waratahs marking vehicle access route to nohoanga site.

**Photo 3** – Yellow topped post marking western boundary entrance from marked vehicle access track

### **Physical description**

- The nohoanga is a large and mostly flat area with good shelter provided by trees and bush.

### **Vehicle access and parking**

- There is excellent two-wheel drive vehicle access to the site, and plenty of space for parking.

### **Facilities and services**

- There are no facilities at the Tuckers Beach nohoanga site. Site users will need to provide their own toilet (portaloo or chemical toilet) and shower facilities.
- Nohoanga site users are required to provide their own water supplies.
- The Queenstown Cycle Trails runs through the wider Reserve.
- There is cell phone reception on this site.
- All rubbish and waste must be removed on departure. See key contacts below for details of refuse and dumping stations.

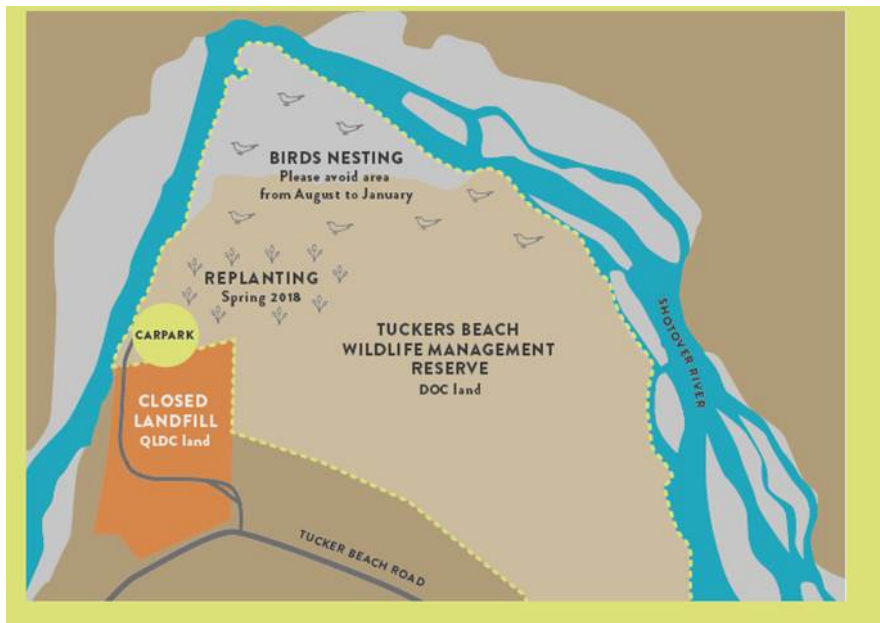

## Hazards

- Some rivers, lakes or waterways may have health warnings applied to them throughout the year for toxic algae and bacteria such as benthic cyanobacteria. Regional and District Councils will have up to date information on their websites regarding any waterway health warnings in place.
- Visit the Ngāi Tahu website [www.ngaitahu.iwi.nz/environment/nohoanga](http://www.ngaitahu.iwi.nz/environment/nohoanga) for up to date information regarding hazards.

## Site restrictions

- Please note – this entitlement **runs from September through to 16 May** each year.
- The Reserve is home to many wildlife species, including bird species that use the area for nesting from August through to January.
- The map below shows the nesting areas, which are near the margins of the Shotover River, away from the nohoanga entitlement. Users are asked to take care not to disturb nesting birds when walking, and not to drive through the nesting area

- Dogs must always be on a leash within the reserve to protect birding habitats.
- No Motorbikes or off-road driving/4WD driving
- No drones.

- No Firearms/Shooting.
- No open fires. Further fire restrictions may apply to this area. Please contact the Department of Conservation Area Office in Queenstown before using this site to assess the situation.
- **Note** – by using the *Tuckers Beach* nohoanga site you are agreeing with these conditions.
