

Nohoanga Site Information Sheet

**Ahuriri River, South Canterbury**

---

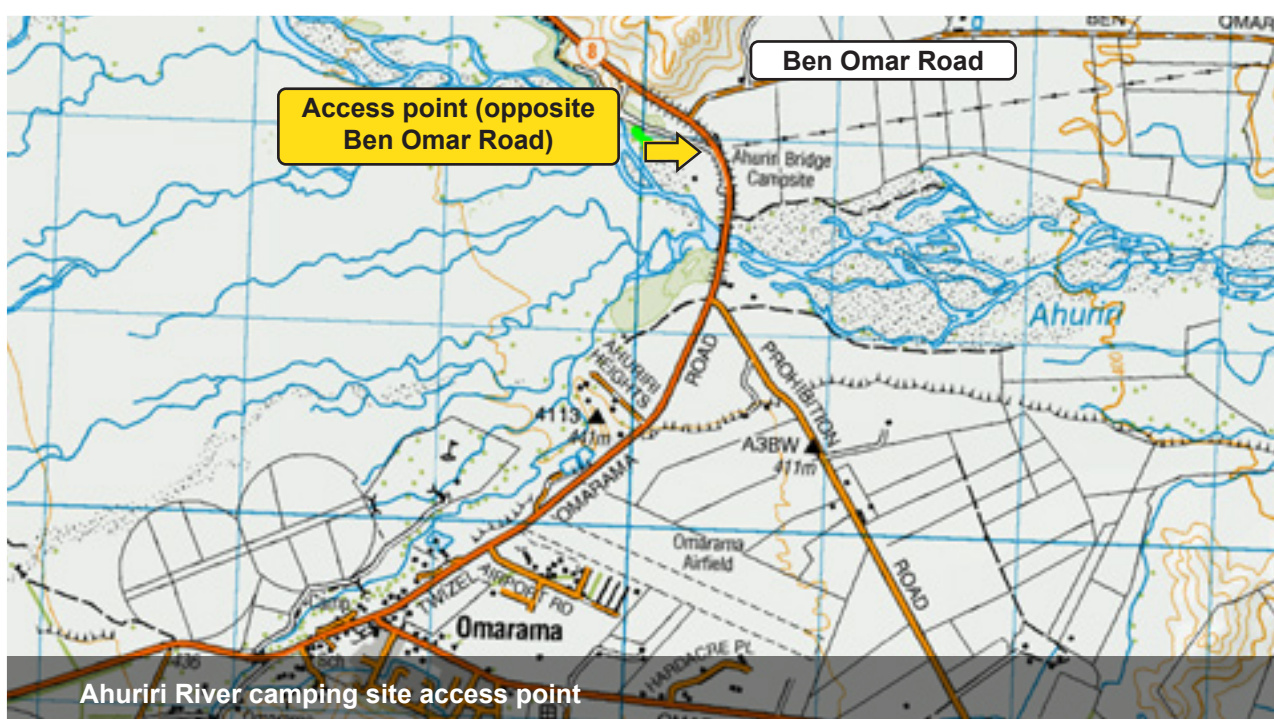

# Nohoanga Site Information Sheet

## Ahuriri River, South Canterbury

### Getting there

- The site is just off State Highway 8 (Twizel-Omarama Road), north of Omarama and on the north side of the Ahuriri River.
- The turnoff to the site is opposite Ben Omar Road. The gate is marked with a sign reading “Oamaru Anglers Club huts”. See map below to view where the entry gate is located. Take care when turning off the main road.
- There are no markers on the road, but there is signage close to the nohoanga site.

Site access point from State Highway 8 / Twizel-Omarama Road

### Physical appearance

- The nohoanga is a flat and open space, suitable for both tenting and campervans.
- Some shade is provided by tree cover. A public dirt road runs through the nohoanga site, so site may be prone to dust in drier months.
- There is a public Department of Conservation camping ground to the south of the site with long drop toilets.

Site is suitable for both tenting and campervans

## **P** Vehicle access and parking

- The site has great vehicle access for all vehicle types. Users must keep the road clear.

## **G** Facilities and services

- There are no facilities on the Ahuriri River nohoanga site. Site users need to provide their own toilet (portaloos or chemical toilet) and shower facilities.
- Nohoanga site users are required to provide their own water supplies.
- There are toilets located on the Department of Conservation public camping site to the south of the nohoanga site. There are no other facilities and no water.
- There is good cell phone reception on this site.
- All rubbish and waste must be removed on departure. See key contacts below for details of refuse and dumping stations.

## **!** Hazards

- The willow trees along the State Highway side boundary have been assessed and deemed a hazardous risk. Nohoanga users are not permitted to camp underneath these trees and must adhere to any signage that may be in place. The Department of Conservation is addressing this hazard.
- The Ahuriri River is at times prone to flooding. Police will close the adjacent Department of Conservation camp area and will notify others in the area.
- Some rivers, lakes or waterways may have health warnings applied to them throughout the year for toxic algae and bacteria such as benthic cyanobacteria. Regional and District Councils will have up to
- This site is often grazed by stock. Stock will be removed when whānui want to use the site. Its important users book at least 5 days in advance as to give time for stock to be moved.
- Visit the Ngāi Tahu website [www.ngaitahu.iwi.nz/environment/nohoanga](http://www.ngaitahu.iwi.nz/environment/nohoanga) for up to date information regarding hazards.

### Site restrictions

- No domestic animals.
- Fire restrictions may apply to this area. Please contact the Department of Conservation Area office in Twizel before using this site to assess the situation.
- Gas fires are permitted all year around.
- **Note - by using the Ahuriri nohoanga site you are agreeing to these conditions.**
