Nohoanga Site Information Sheet

Lake Hawea - Adjacent Campground

Getting there

- The site is just outside of the Hawea Township, across the bridge.
- It is located next to the Lake Hawea Holiday Park (The Camp) at SH6, 1208 Lake Hawea - Makarora Road.
- From the highway, turn into the campground entrance, then turn right and drive along the road located between the boat ramp and the public toilets. The track up onto the site is at the end of this road.
- The nohoanga site is on top of the rise behind the public toilet block.

Physical appearance

- The nohoanga is on an embankment overlooking Lake Hawea, next to the Lake Hawea camping ground, which is extremely popular particularly during the summer months.
- The site is large, has flat areas, and is well sheltered.

P Vehicle access and parking

- Vehicle access onto the nohoanga site is good, although there is a slight climb onto the site, which may prove difficult for large caravans or campervans.
- The road to the right may be more suitable for campervans. Care should be taken when using this road as there are no barriers between the road and banks which border the lake.
- There is plenty of parking on site.
